

November 3, 1955

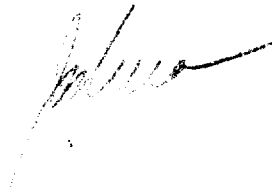

Dear Boris:

We were of course disappointed to have such a brief visit with you, but we've already told you that.

I did want to remind you of our request for tester stocks in each mating type of the two "petite's". (I trust the designation of the mutants is *petite* in English, and *little* in French.)

Please give Harriett (and yourself) our best wishes and congratulations.

Sincerely,

A handwritten signature in dark ink, appearing to be "John" or "Johns", written in a cursive style.
